MAALOT BALTIMORE

GENERAL STUDIES

COURSE OVERLOAD FORM

<p>Please be advised that the MAALOT Academic Administration does not recommend students taking more than five (5) general studies courses per semester. It has been our experience that students who carry a larger than average academic load find both their stress level and G.P.A. severely compromised. This can mitigate chances for acceptance into the graduate program of choice.</p>

<p>I have read the above and would still like to register for six (6) general studies courses for the semester noted above.</p> <hr/>
